EDUCATION AS CARRIED ON AT E. W. C.

African Methodism in Florida, like African Methodism everywhere, has always been for the education of her children. Before the college idea had been conceived for the state, the church had its own school system. Out of Divinity High school begun by Mt. Zion A. M. E. church grew E. W. C.

As fate generally has a hand before success, so it was in this case, the great fire of 1901 destroyed Old Divinity High school, but it was during the administration of the late Bishop M. B. Salter, that Salter Hall was started. And under Bishop John Hurst, that matchless leader, Salter Hall was completed and other buildings erected and E. W. C. made to take its place among the other leading schools of this our great church. Following Bishop Hurst came Bishop J. S. Flipper serving eight years, during his administration 348 acres of land were reclaimed. On this spot the Federal Government spent about \$10,000 building log cabins and other improvements.

The General Education Board gave \$7,500 for science and library equipment. The General Conference in May, 1936, in New York City, sent the Rt. Rev. R. A. Grant, Florida's own son, to take charge of the 11th Episcopal District. To say it as strong as we may, new life has been put into every phase of the work. The entire program has been revamped. The most outstanding forward look to my mind is the sinking fund, looking forward to a permanent endowment.

The aim of E. W. C. is to offer a thorough Christian training. E. W. C. owns 6 acres of land within the city limits of Jacksonville on which are located the buildings for immediate school work, this location is on Kings Road and it forms a beautiful attraction for those who pass by. Buildings on the campus proper are: Salter's Hall, Girls' Annex, Hurst Hall, Centennial Building, Florida's contribution to 100 years of African Methodism, erected in 1916; Grant's Auditorium, the B. F. Lee Theological Seminary Building and the S. H. Colman Science Hall. Due to the generosity of the General Education Board, the college has come into possession of new equipment valued \$5000.00.

Organization on the campus are: Y. W. C. A., Y. M. C. A., Young Men's Council, Beta Gamma, Tau Delta Epsilon, Phi, Kappa Psi, Thespians Dramatic, Nation Peace Unit, Choral Society, S. S., and A. C. E. League. With these units and with a faculty equal to any in the state and surpassed by few in the country, it will continue to stand out as a great intellectual fountain where the sons and daughters of the Negro race may come with their empty cups and drink of the intellect so freely and religiously offered.

Now, some where in this report, I made mention of the sinking fund as the most outstanding thing ever launched in the church in Florida, I am still there. But if I was called on to mention the second it would be the launching of the \$50,000 drive to rid the school of debt and pave the way for the erection of Salter's Hall, and thank God we feel we have in Bishop and Mrs. Grant the team to lead us to this victory if we produce the proper fellowship.

J. J. HEATH.

CIRCUITS, STATIONS AND MISSIONS

Arcadia, Florida, March 12, 1938.

We, your committee to whom was referred consideration for this important task, beg leave to submit the following as our report:

"The church's one foundation is Jesus Christ the Lord; she is His new creation, the spirit and the word, from heaven He came and sought her, to be His Holy bride with His blood He brought her and for her life, He died".

Happy are we to know that we have the opportunity to work with him in his everlasting program of kingdom building while here we stay and though proud of the part we have played, we are not to forget His blessed words to us that when we shall have done all these things which are commanded you say we are unprofitable servants, we have done that which was our duty to do. The church has been and ever shall be man's only salvation. The invitation is ringing still, "come unto me and I will give you rest". She has been tempted, prosecuted and trampled upon by foes within and foes without, and still she looketh as the morning—she is still fair as the moon, clear as the sun and terrible as an army with banners.

We are not to judge the Lord by feeble sense but trust Him for His word. For "upon this rock" He has said, "I will build my church and the gates of hell shall not prevail against it". The trouble with the world today is, it has allowed the material things of its own making to cast the shadow of blindness over their sense of duty to God and to all of His goodness, to the extent that nations are wading, as it were, through the blood of nations on the battlefields. Just now innocent children and women are being slaughtered as well. O for this love, let rocks and hills their lasting silence break and point these nations to "The Old Rugged Cross".

The Growth and Progress of the Church in the United States

The religious bodies of the United States are not declining in membership, but steadily growing, this is a direct contradiction of the pessimistic reports which still so often fill the pages of the secular press and even of some religious publications. The figures compiled with the greatest possible accuracy by the late Dr. George Linn Kieffer, who has prepared these statistical reports for Christian Herald for the last five years, which owing to the untimely death of Dr. Kieffer were compiled by his widow Mrs. Kieffer for release June 28, 1937, prove beyond doubt that those pessimists are wrong.

The church, judging from membership, statistics and from reports of contributions for all religious purposes, has grown throughout all the depression years and continues to forge ahead. In 1936 the total membership of all denominations and religious bodies in the United States reached the impressive figure of 63,493,036, as compared with 62,655,632 in the previous year. This represents a gain in membership of 837,404, almost a million in a single year.

The Baptist continue to lead according to their report with a gain of 140,308, surprisingly the reformed church, not a large denomination in comparison with the Methodist and Baptist, comes second with a gain of 81,958. The Methodist, a close 4th, gain 41,798 and still they shall come from the East and from the West and from the North and from the South and shall sit down in the Kingdom of God.

The A. M. E. Church

Well may we rejoice in the progress we have made, as a religious body, since November, 1787, when the colored people belonging to the Methodist Society of Philadelphia convened in order to take into consideration the evils under which they labored. Arising from the unkind treatment of their white brethren who considered them a nuisance in the house of worship and even pulled them off their knees while in the act of prayer and ordered them to the back seats; for these and various other acts of unchristian conduct they considered it their duty to devise a plan in order to build a house of their own to worship God under their own vine and fig tree. In spite of the opposition they met in this undertaking they pressed on, until 1793 when the number of the serious people of color having increased, they were of different opinion respecting the mode of religious worship and as many felt a strong partiality for that adopted by the Methodist—Richard Allen, with the advice of some of his brethren proposed erecting a place of worship on his own ground and at his own expense, as an African Methodist meeting house and named it Bethel.

From that time we have been marching, and with God and with 14 bishops, 16 general officers, 276 presiding elders, 7,000 ministers and more than 800,000 members, 98 annual conferences, 6,000 church buildings, 3,000 parsonages, 12 schools, with an actual net property valuation of church and school property of \$36,292.00 and with the giving of about \$1,237,000 for benevolence and missions a year then shall we not march on in our Redeemer's strength? Preserv-

ing His foot steps still? Shall we not let the prospect cheer our eyes while laboring on the hill?

The A. M. E. Church in Florida

"Come Holy Spirit, Heavenly Dove With All Thy Quick'ning Power".

Kindle a flame of sacred love in these cold hearts of our. "Except a man be born again he cannot see the kingdom".

Except we lose ourself in God; except we stop playing with our job; except we come back to the good old way and ask for power to see, we will not see this our God's train of progress when she comes through the tunnel of success and victory for Bishop R. A. Grant, born in the Ox manger of God's love. God's burning bush is on this train.

Think of it, two years ago Edward Waters college was buried in a grave of a debt of over one hundred thousand dollars. Each conference of the state owned by some one because of honest money loaned by them to make them believe they were running on smooth ground.

But today we venture to say that 55 thousand dollars would clear up everything we owe on these departments. God bless Bishop Grant and his 29 presiding elders, 700 ministers and more than 50 thousand members and friends who are giving their lives and their all as it were for such a worthy cause.

Thank God again for Bishop Grant, for God surely brought him here for such a task as this. Florida is once again back on the track where she was during the years of 1916-'28, where once that little man in body but great in soul, big in heart and in progressiveness, worked and gave his life for and though he being dead yet speaketh. I speak now of the lamented Bishop John Hurst. But Bishop Grant has done a bigger day's work, for 1916-'28 were years of fat cows but for the last ten years we have had to deal with the lean cows of a mighty depression. Florida is safe, peace and harmony every where abounds in our church in Florida. But my brethren, our task is still undone. We must finish the job. We must work today and rest tomorrow. We cast not the flowers upon those who are responsible for these victories of saving our church, our own E. W. C. by restoring to them the rich confidence they once enjoyed for any expected favors at all, but we say to them because they are flowers of truth and our heart and soul are with the program of the church.

And Now

O God our help in ages past our hope for years to come, be thou our shelter from a stormy blast in our eternal home. Brethren, some of our sun is almost down, some of our feet are standing near the shore of our eternal home and no doubt some that are here in this conference will not come back to another, may your committee recommend that we lay aside malice, jealousy, strife and as ministers of the Gospel of Jesus Christ join each other in heart, soul and love, and preach the word and we shall meet on the other shore.

Faithfully your committee,
Rev. R. L. MURRELL.

FOURTH YEAR STUDIES

Arcadia, Florida, March 10, 1938.

To the bishop and members of the Central Fla. Annual Conference:

We, your committee on 4th Year, beg leave to make our report as follows:

We have had before us the following named brethren who came regular from the roll. We have examined them, they have some of their books but some of the brethren haven't much knowledge of them. Brothers Ernest B. Scott, who is a Sr. in the B. F. Lee School of Religion, is well up in his work and Brother Chathon E. Sanders, is well up in his work also.

We therefore recommend that these two brethren be elected and ordained Elders, the others remain in the class.

Committee,
